Role of free will in human life

CHENNAI, JULY 29. The joys and sorrows an individual faces in his life are the fruit of Karma accrued in previous lives and none can escape the consequences of his actions.

The scriptures accept the roles of both destiny and free will in human lives. The Ramayana touches upon these concepts. Rama pacified Lakshmana when he was furious with Kaikeyi for thwarting His coronation with the words,

In her discourse, Swamini Satyavratnanda said the teaching of Sage Vasishtha to Rama at the instance of Sage Viswamitra, known as the Adhyatma Ramayana (Yoga Vasishtha), addressed the role of free will in human life.

Rama declared after learning the truth from Vasishtha that though He was beyond dictates (do's and don'ts) as long as He continued to live in the world He had to follow the teachings of His preceptor because the scriptures emphasised that it was man's duty to follow his Guru's directions.

The Hindu Crossword 7428

Across

- 1 Only curious men (English) (15)
9 A support thus returned, by the way (7)
10 Reportedly summoned little Ronald to get a pot for boiling (7)
11 Stress test equipment (9)
12 Join together as a military formation with energy (5)
13 Imitate a monkey (3)
15 A tin, in this manner, becomes a plant (8)
18 Preparing a scheme, for development perhaps (8)
19 Paintings, collectively (3)
23 Bird with a pole, one of great strength (5)
24 Gut freshly set in one net (9)
26 Run true to form, support (7)
27 Assurance provided by military intelligence in writing (7)
28 Really act fast for a team, somehow (2,1,6,2,4)
Down
1 Can a nut play truant, in an inappropriate way? (7)
2 Is Oscar verily holding a knife? (6)
3 Fast attack to grab a little money (5)
4 Square peg in round hole (6)

Grid for crossword puzzle 7428 with numbers 1-28.

- 5 Ornament with lower half made of fancy fabric (8)
6 Ship, not a steamer though (3-6)
7 Part of the racetrack, not crooked (8)
8 Americans' tugs hold East European leaders (7)
14 Almost an island, not quite though (9)
16 Microorganisms found in ancient Asian country included first of Entamoebae (8)
17 Occurrence that upsets ten in Criminal Investigation Department (8)
18 Flower, one accepted by cherished girl (7)

Solution to puzzle 7427

This Day That Age

From the pages of The Hindu dated July 29, 1952

King Farouk's Abdication
Reports from Cairo said that Premier Ali Maher, on July 27, summoned the leaders of the Wafd, the popular extreme nationalist party which King Farouk sought to crush, back to Egypt from their European holiday.

Premier Aly Maher hastened other constitutional moves to usher in the new regime under the baby King and the Regency Council, which would act for him until he attained majority.

The infant monarch, Ahmed Fuad the Second, had been proclaimed King of Egypt and the Sudan on July 26, by the Council of Ministers who temporarily assumed royal powers and prerogative when King Farouk left the country.

Indian satellites find water under desert

HYDERABAD, JULY 28. India's remote sensing satellites have traced the buried course of Saraswati, the mythical Himalayan river, kindling hopes of finding drinking water under the hot sands of the Thar desert in Rajasthan.

Mentioned in the Rig Veda, the Hindu scripture, and other ancient literature, the river is believed to have once flowed, parallel to the Indus, through what is now desert before falling into the Arabian Sea.

According to published literature, the river disappeared between 5000 BC and 3000 BC due to tectonic events in the Himalayas, that cut off the water supply, and climatic changes that converted what was once a lush green Rajasthan into an arid zone.

Past attempts to accurately trace the lost river and reconstruct its drainage system did not succeed.

Recent advancements in space-based sensors and in data processing technologies made it possible, says J. R. Sharma of the Jodhpur-based Remote Sensing Service Centre of the Indian Space Research Organisation (ISRO).

He and his colleagues, A. K. Gupta and G. Sreenivasan have mapped the "palaeo channels" — relics of the river and its tributaries — using data from three different sensors on board Indian satellites.

Mr. Sharma said over telephone that 13 borewells drilled along the predicted river course

have yielded water at a depth of 35 to 40 metres.

The size of the palaeo channels, as estimated from satellite data, was huge, about 15 to 40 metres thick, implying that there was plenty of water under there. "The Government of Rajasthan is planning to increase the number of borewells to 50 in two months and has earmarked Rs. 40 million for the project," he said, adding, "chemical analysis indicates these palaeo channels could form a source for good quality ground water."

The ISRO scientists do not subscribe to the theory that Saraswati is flowing as a subterranean river. "Radioactive tracer studies show that the maximum flow of water is 15 cms per year — too slow to indicate that connection with the Himalayan source is still there," Mr. Sharma said.

U.P. students to get free textbooks

LUCKNOW, JULY 28. Apparently bowing to the pressure of alliance partner BJP, the Mayawati Government in Uttar Pradesh today decided to provide free textbooks to students up to the fifth standard. Earlier, this facility was provided only to the SC and ST students.

An official release quoting the Chief Minister said the decision was taken keeping in view the interests of the students of general category. —PTI
